

The Active line is a complete care program for oily, blemish-prone skin. Our products are formulated using carefully selected active ingredients with proven effectiveness.

As not every skin corresponds exactly to one specific skin type, we recommend combining products from our six different care lines as needed. Your esthetician can advise you as to which combination of products best suits your individual skin.

### Aloe Vera After Sun Milk

Cooling, moisturizing body lotion after sun exposure. Reduces tension and protects from dryness.

### Bronze Power

Self-tanning lotion that provides a natural, streak-free glow until it will be renewed by invisible scaling.

# ACTIVE OILY, BLEMISH-PRONE SKIN

Dr. Spiller  
BIOCOSMETIC

Blemish-prone skin is sensitive to inflammation with a tendency toward excessive sebaceous secretion, leading to comedones and pimples. The main goal is to balance the micro-flora of the skin. The first step is proper cleansing. The active ingredient propolis, a natural antibiotic from the bees, has a balancing and calming effect on blemish-prone skin.

**Moisturizing Toner with Herbal Extracts**  
Refreshing toner with selected plant extracts. Moisturizes and balances the skin flora.

**Special Peeling Milk**  
To refine the skin texture. Loosens keratinized dead skin cells. To be applied once or twice weekly.

**Gel Aloe Vera**  
Universal moisturizer with pure aloe vera. Cooling and protecting, also after over-exposure to the sun. Whenever your skin needs moisture for regeneration.

**Dr. Spiller Acnoderm Gel**  
Hydrating emulsion to balance sebaceous secretions while calming and toning the skin. To be applied before day-/night cream.

**Propolis Day Cream**  
Light day cream with propolis and vitamin A to regulate the skin's micro-flora. Helps prevent breakouts.

**Propolis Night Cream**  
With royal jelly and propolis to balance and normalize problem skin.

**Vitamin A Day Cream**  
Regenerating day cream with vitamin A. Refines the skin texture, for more vitality and a fresh appearance.

**Vitamin A Night Cream**  
Revitalizing night care with a high content of vitamin A to improve elasticity, resilience and suppleness.

**Azulen Cream Pack**  
Balancing, hydrating mask with extracts of chamomile. Soothes and nourishes. To be used once or twice weekly as needed.

**Herbal Mask with Aloe**  
Slightly drying mask with select herbal extracts. Harmonizing and balancing the skin's flora. To be used once or twice a weekly.

## Mild cleansing and intensive care to improve the complexion

**Herbal Cleansing Gel**  
Alkali-free cleansing lotion unclogs pores and strengthens the skin's immunity to fight environmental influences. The natural pH remains unchanged.

**Aloe Cleansing Gel Sensitive**  
Alkali-free wash gel for a mild cleansing. For an intensive, however gentle cleansing effect.

**Herbal Active Complex**  
Hydrating emulsion to balance the skin's micro-flora and restore impaired skin functions. With non-comedogenic oils and plant extracts.

**Roll On**  
Anti-bacterial lotion for spot treatment of comedones and pimples. Clears blemishes and regulates the sebaceous secretion.

**Vitamin A Ampoules**  
Prevents blemishes while also fighting premature skin aging. Stimulates the collagen production in the dermis and smoothes lines. To be applied with preference as cure treatment.

**Propolis Vitamin A Ampoules**  
Propolis has an anti-bacterial effect to counteract blemishes and while also restoring impaired cellular functions. To be applied with preference as cure treatment.
