

The Balance line is a complete care program for oily, combination skin with enlarged pores. Our products are formulated using carefully selected active ingredients with proven effectiveness.

As not every skin corresponds exactly to one specific skin type, we recommend combining products from our six different care lines as needed. Your esthetician can advise you as to which combination of products best suits your individual skin.

Bronze Power

Self-tanning lotion that provides a natural, streak-free glow until it will be renewed by invisible scaling.

BALANCE OILY, COMBINATION SKIN WITH ENLARGED PORES

Dr. Spiller
BIOCOSMETIC

Oily, combination skin with enlarged pores has sufficient sebaceous secretion and moisture and is plump and smooth. However, the T-zone (forehead, nose and chin) is often oily with enlarged pores. A well-balanced care routine will reduce the sebaceous secretion and the oily shine.

Mild cleansing and care for fresh, glowing skin

Cleansing Milk with Cucumber Extract
Astringent and refreshing cleanser with garden cucumber extract. Gently removes excess and make-up residue to help prevent skin problems in oily or combination skin.

Special Peeling Milk
Refines the skin texture and removes dead skin cells. The blood circulation is stimulated and the skin appears fresh. Supports and improves the effect of products that follow. To be used at least once weekly.

Cucumber Toner
Refreshing toner that restores the skin's natural pH value while calming and soothing. All cleansing products, even water only, have an influence on the acid protection cover of the skin.

Hamamelis Astringent
Cooling astringent that stimulates the blood circulation, refines the pores, supports the skin's natural acidic protective layer and stabilizes the pH value.

Aloe Vera Jelly
Unique gel formulation hydrates, protects and nourishes. To be used morning and evening as a moisturizer. Also an ideal basis for make-up application.

Royal Jelly Cream
Mild, hydrating day cream with royal jelly. Balances sebaceous secretions and protects from environmental influences.

Dr. Spiller Acnoderm Gel
Hydrating emulsion to balance sebaceous secretions while calming and toning the skin. To be applied before day-/night cream.

Sensitive Beauty Care Night
Calming, mild night cream with plant and flower oils that stimulate the cell functions overnight. Improves skin's elasticity and resilience.

Herbal Active Complex
Light, hydrating lotion to balance the skin's micro-flora and regulate impaired skin functions. With non-comedogenic oils and plant extracts.

Collagen aqua plus
Nourishing, hydrating emulsion with soluble collagen to improve elasticity. Also an ideal basis for make-up application.

Fresh & Fruit Moisturizing Mask
Refreshing gel mask with papaya, mango and pineapple extracts. Cooling and refreshing. To be used once or twice weekly.

Terra California Clay Mask
Absorbing mask deep cleanses, detoxifies and balances the skin's micro-flora. To be used once or twice weekly for optimum effects.

AHA Ginkgosomen Gel
Universal AHA product. Renews the skin, smoothes the appearance of fine lines and refines the pores. To be applied with preference as cure treatment.

Royal Jelly Ampoules
Royal jelly has a balancing effect and leaves the skin soft and supple. To be applied with preference as cure treatment.
